Operations Supervisor – Terrace, BC

OVERVIEW

ABC Recycling is looking for an Operations Supervisor, based out of our Terrace, BC location, responsible for the day to day operations of the metals recycling facility. The Operations Supervisor provides daily direction and leadership to the yard crew to achieve safety, quality, productivity and cost objectives. This position also ensures compliance to all company policies and procedures.

RESPONSIBILITIES

- Oversees environmental, health & safety programs and processes to create a safe environment for all employees, customers and visitors
- Follows annual budgets and operates the facility within them taking into account: equipment condition, environmental necessities, operational needs, ability to sustain business operations, business growth
- Assists in the development of facility standard operating procedures
- Oversees facility human resources processes including training and performance management
- Oversees and manages the scale, security and staffing functions
- Measures and reports service and operational data
- Identifies and implements continuous improvement opportunities
- Engages in strategic relationships with all supply chain partners

QUALIFICATIONS

- 2-5 years supervisory experience in a scrap yard or in a fast paced operational environment
- Experience managing a diverse team with varying skills and training levels
- Experienced in implementing continuous improvement and quality assessment programs
- Adept at using MS Office suite and ERP software programs
- Previous experience in creating and interpreting metrics and dashboards
- Ability to develop and build relationships both internally and externally to the organization
- Manufacturing or logistics background is an asset
