Donor of Hope Program

ABC Recycling is engaging its corporate partners to donate scrap metal in support of BC Women's Newborn Intensive Care Unit. Each year approximately 1,400 critically ill newborns are admitted to BC Women's Hospital Newborn ICU. Here, these tiny patients receive the advanced, often life-saving medical care they need. The 60-bed unit is the largest, most advanced and specialized newborn critical care facility in BC, staffed by a diverse group of highly experienced neonatal specialists. But leading edge care requires leading edge equipment. To continue to provide the very best life-saving care, state-of-the-art tools and technologies are needed. Donors of Hope will help make that happen.

Getting to Know Amar Sandhu

Amar Sandhu joined ABC Recycling on August 11th as Accounts Receivable Administrator. Read on to learn more about Amar.

K: Tell me about your work experience prior to joining ABC Recycling. A: I worked for Yellow Pages Group, first in the Billings Department and then the Commissions Department. Prior to Yellow Pages I was with Rampar Industries as an Inventory Clerk.

K: What is your educational background? A: I have my BBA in Accounting from BCIT and am currently working towards my CPA designation.

K: Where did you grow up? A: The Lower Mainland.

K: What is your favourite movie? A: Dumb and Dumber is one of my favourites.

K: What do you like to do in your spare time? A: Go to the gym and travel. I just got back from England.

K: If you could live anywhere in the world, where would it be?

A: Vancouver because of the nice scenery. It is safe and a great place to raise a family. My second choice would be Miami because of the beach.

K: What is your favourite lunch spot around ABC? A: Subway or Mucho Burrito. The line-up is shorter at Subway.
