

## Acceptable Ferrous Recyclable Metals

- Cast Iron
- Cars and Trucks
- Manganese
- Mattress Springs
- Mixed Steel
- Municipal Scrap
- No. 1 HMS
- No. 2 HMS
- No. 1 Tin
- No. 2 Tin
- Oversize Steel
- Plate & Structural
- Rebar
- Steel Borings
- Steel Cable
- Tin Wire
- Wrought Iron

## Acceptable Non-Ferrous Recyclable Metals

### Aluminum

- EC Wire / Talon
- Insulated Aluminum Wire
- Aluminum/Copper Concentric Wire
- Segregated Aluminum (1100, 2014, 2024, 3003, 3004, 3105, 5052, 5086, 6061, 6063, 7050, 7075)
- 6063 Extrusion – Clean / Anodized / Bare
- 6063 Extrusion – Painted
- 6063 Extrusions – Irony/Thermal Fill
- Aluminum Litho / Tablet
- Baled UBC Taldon
- MLC (Free of 2000 and 7000) / Tabor
- Painted Siding / Tale
- Painted Aluminum / Taint/Tabor
- Shredded Aluminum / Zorba
- Shredded Aluminum / Twitch
- Cast Aluminum / Tense
- Aluminum Turnings / Telic (Mixed/High Grade/Segregated)
- Mixed 24 Aluminum Free of 7000 / Tough/Taboo
- Mixed 75 Aluminum with 7000 / Tough/Taboo with 7000

- Aluminum Hockey Pucks (Mixed/High Grade/Segregated)
- Aluminum Copper Radiators / Talk
- Unclean Aluminum Copper Radiators / Irony Talk
- All Aluminum Radiators / Tally
- ACSR
- 356 Aluminum Wheels
- Chrome/Painted/Plated Wheels
- Pistons with Rings / Tarry B
- Irrigation Pipe
- Radiators

#### Copper and Brass

- BSMB Barley
- #1 Burnt CU Wire Berry
- #1 CU Tubing Candy
- Auto Radiators Ocean
- #2 Birch Cliff
- 70/30 Brass Clips Label
- Foundry Red Brass / Foundry Ebony
- Red Brass / Regular Ebony
- Red Brass Borings Enerv
- #1 Insulated CU Wire Druid
- #2 Insulated CU Wire Druid
- Brass Rod Borings Night
- Yellow Brass Honey
- Electric Meters
- Mixed Electric Motors Elmo
- Small Transformers Core & Coil

#### Stainless Steels

- 304 / 18-8 Sabot and 304 L
- 316 and 316L
- 17/4 and 15/5
- 13/8 and 15/7
- 200 series stainless
- 300 series stainless
- 400 series stainless

#### NI/CR/MO/FE Based Alloys:

- Duplex (2205, 2507)
- 309 stainless (HH, 25/12)
- 310 stainless (HK, 25/20)
- 330 stainless (HT, 35/15)

- HP, 35/25
- Hastelloy (B, C, G, X)
- Inconel (600, 625, 713, 718, X750, 800, 825)
- Nimonic (75, 90)
- Ni Resists (#1, #2)
- Nitronic

#### Cobalt Based Alloys

- Haynes / HS (6, 25, 31, 188)
- Mar-M (246, 247)
- Rene (41, 77, 95)
- Waspaloy
- Udimet (500, 520, 600, 700)
- CUPRONICKELS AND MONELS:
- Monel R / Monel 400
- Monel K / Monel 500
- 70/30 CuNi
- 90/10 CuNi
- Other nickel/copper alloys

#### Various Other Acceptable Items

- Pure Nickel
- 6-4 Titanium
- C.P. Titanium
- FerroTi
- Tungsten carbide (WC)
- Densalloy / Mallory
- Tool steels
- Rare earths

## Unacceptable Materials

### Non-Recyclable Materials

- asphalt
- concrete
- debris
- dirt
- plastics
- trash
- wood waste
- garbage
- glass,
- rubber or any other non-metallic materials

### Hazardous Liquids

- gasoline and diesel fuel
- motor oil
- hydraulic fluids
- anti-freeze
- pesticides
- oil
- paint
- PCB oils or containing items such as ballasts, transformers, fluorescent lighting or capacitors.

### Radioactive Materials of Any Type

- military scrap
- medical scrap
- flammable or combustible materials of any kind
- non-hazardous liquids, including water
- chemicals or poisons in solid, powder, liquid, or gaseous form (e.g., fertilizers)
- Ammunition (ordnances) or explosives of any kind, unless managements approval in place.
- Asbestos or asbestos-containing materials, such as insulation from pipes, wiring, tanks or other industrial materials, gaskets or siding/surface materials.
- Mercury-containing lights or related fixtures.

### Compressed Cylinders

- Compressed Cylinders that are not open to atmosphere and verified to be safe MUST be rejected as per the updated Compressed Cylinder Policy.
- Compressed Fuel Automobiles – Any vehicle with attached compressed fuel systems (propane or natural gas) must have the systems decommissioned & confirmed to be empty.
- Paint inside cans or spray cans
- Should you have any questions regarding your materials please don't hesitate to contact your ABC Representatives for further clarification.
